Flexi Data Entry Module

(A) Basic

- This is a simple form for executing the routine work of a Medical Oncology Department.
- Once the form is filled then the details can be printed.

(B) Basic +

- This form will have some additional information like
 - Name of Department / Unit
 - Place of Residence: Place of Usual Residence (where the patient has been residing for the past one year (at least))
 - Duration of Stay (At the Place of Usual Residence (IN YEARS))

(C) Advanced

- This is a combination of Basic + and additional information:
- This format will provide the full complement of Research Outputs (given next page)

(D) Site Specific

- Cancer Cervix
- Cancer Breast
- Head and Neck Cancers
